A Message from the President

"I was on a train on a rainy day. The train was slowing down to pull into a station. For some reason I became intent on watching the raindrops on the window. Two separate drops, pushed by the wind, merged into one for a moment and then divided again -- each carrying with it a part of the other. Simply by that momentary touching, neither was what it had been before. And as each one went to touch other raindrops, it shared not only itself, but what it had gleaned from the other. I realized then that we never touch people so lightly that we don't leave a trace. Our state of mind matters to those around us, so we need to become conscious of what we unintentionally share so that we can learn to share with intention."

- Peggy Tabor Millin

Welcome to All,

As our Rotary theme this year is "The Future of Rotary is in Your Hands". With our hands, let us reach out and touch our community and our world in a positive way.

Rotary provides us with many opportunities to grow personally and professionally by engaging us in humanitarian service in our community and our world. It is important that we create partnerships and work together as a team, so that in our collective effort, we can continue to make a significant difference in the lives of those most in need.

In order to make the most impact, we need more Rotarians. We all know someone who would make an excellent Rotarian. Invite them to attend a meeting. Share the opportunities of Rotary with them and encourage them to join us.

At the end of our Rotary year in June 2010, I envision a thriving, vibrant, and growing club which has achieved or surpassed our goals, striving for excellence, and being the best we can be. The future of Rotary will be shaped by members and their clubs. It is up to us, Rotarians, to build upon our past successes, to create Rotary's future, to build a stronger club. Together, we can make a world of difference!

With warmest regards,

Cathy Reardon
